Agenda Item No. 4(CC)

**TO:** Honorable Chairperson Barbara Carey-Shuler, Ed. D. and Members, Board of County Commissioners **DATE:** October 7, 2003

**FROM:** George M. Burgess  
County Manager

**SUBJECT:** Recapture and Reallocation of \$9,041,278.88 (\$3,937,975.01 of FY 1994-2003 CDBG, \$4,103,303.87 of HOME, \$750,000 of HODAG and \$250,000 of SURTAX Funds)

### RECOMMENDATION

It is recommended that the Board of County Commissioners authorize the County Manager to amend the FY 1994 Statement of Objectives and FY 1995 – FY 2003 Action Plans to reflect the recapture and reallocation of \$9,041,278.88. The sources of the recapture are as follows: FY 1994 – FY 2003 CDBG funds (\$3,937,975.01), FY 1994 – FY 2003 HOME and HOME CHDO funds (\$4,103,303.87), HODAG funds (\$750,000) and FY 2003 funds (\$250,000) SURTAX. These funds are derived from completed projects with unexpended balances, projects with expired contracts, and projects that are no longer viable pursuant to analysis by OCED staff. The recaptured funds will be utilized in a manner, as indicated in Exhibit I. This agenda item is being structured to address OCED's budgetary commitments to the County and continue its efforts to efficiently utilize unspent CDBG, HODAG, SURTAX & HOME funds. It is further recommended that the Board authorize the County Manager to amend and execute all contracts, amendments, and agreements, as are necessary.

### BACKGROUND

On December 17, 2002, the Board approved the FY 2003 Action Plan with the reduction of County Departments' CDBG allocations by \$2.3 million and reallocated the funds to other community development organizations, (Resolution No. R-1482-02). As a commitment to the Board, the Office of Community and Economic Development (OCED) recommended that the affected departments receive reprogrammed funds in order to return these departments to their approved funding levels. On May 6, 2003, the Board approved, through Resolution No. R-464-03, the reprogramming of \$2,876,471.29, of which \$1,429,471 was utilized to partially reimburse the affected County departments. At that time OCED committed to continue its efforts to further identify recaptured dollars in order to fulfill its remaining obligation to the County departments.

This amendment fulfills OCED's commitment to the County Departments. Additionally, this item also reallocates funds to performing agencies that are accomplishing community revitalization through economic development, urban renewal, and public service activities.

To ensure a clear communication process with impacted agencies regarding the proposed recaptures, OCED has provided written notification to all affected agencies indicating the intent to recapture and reallocate the funds, as indicated in Exhibit I. Moreover, this amendment will adjust previously approved Board actions. County Departments, municipalities, developers, and agencies impacted by this adjustment, as indicated in Exhibit I, include:

- Miami-Dade Office of Community and Economic Development - Funds will be utilized to readjust the FY 2003 County budget allocations to prior funding levels for economic development and urban renewal activities.
- Miami-Dade Office of Historic Preservation - Funds will be utilized to readjust the FY 2003 County budget allocations to prior funding levels.
- South Miami Heights CDC Caribbean Palms - Funds will be utilized for project funding infrastructure for the development of 45 units of affordable single-family homes bounded by SW 203 Street and SW 206 Street, between SW 119 and 120 Avenues. Upon approval, the applicant now has the resources necessary to initiate and complete the project.
- Miami-Dade Empowerment Trust – Funds will be utilized for the construction of K Place, which will provide affordable housing units in the City of Miami’s downtown area. This project is linked to the City of Miami’s efforts to stimulate greater residential activities in its Central Business District.
- The City of Opa-Locka has embarked upon a strategy to combine all of its existing approvals and invest them in several projects, which will be fully funded and competed within approved time frames. Below is a description of its swap and consolidation strategies. City of Opa-Locka Curtiss Drive Infrastructure – As requested by the City of Opa-Locka, funds will be reprogrammed from the City of Opa-Locka’s Niles Garden Drainage Improvement project (\$300,000) to the Curtis Drive Infrastructure Phase II project. The additional allocation of funds will be utilized to complete Phase II of a 1.7 million dollar area wide infrastructure project. As of date, OCED has allocated \$247,750 of FY 1998 CDBG and \$190,000 of FY 2003 CDBG funds. The supplemental reprogrammed funds of \$300,000 would bring the aggregate project allocation to \$737,750. The Curtiss Drive Infrastructure project has been established as a priority by the City of Opa-Locka’s City Commission to address the City’s Proposed “16” Assessment Areas for the Neighborhood Infrastructure Improvements strategic plan approved March 13, 2002. The Curtiss Drive Infrastructure Phase II project consists of the upgrade of water lines, sewer lines, drainage lines, relocation of meters from the alleys to the front, installation of sidewalks, roadway resurfacing, landscaping, signage, and light fixtures. The project area is located in the North Central area of the City of Opa-Locka bounded on the North and West by Curtis Drive and on the Southeast from Harem Avenue to Sultan Avenue. City of Opa-Locka Sherbondy Park Rehabilitation Phase II – As requested by the City of Opa-Locka, funds will be reprogrammed from the City of Opa-Locka’s Library Improvements project (\$78,000) to the Sherbondy Park Rehabilitation Phase II project. The additional funding allocation will expedite the completion of the renovation project. Renovations include interior refinishes (ceiling, wall, and floor); exterior refinishes (roof and building walls); electrical system code compliance; ADA compliance; and door/window replacement. The estimated project cost is \$211,416. As of date, OCED has allocated \$110,000 of FY 2002 CDBG and \$30,000 of FY 2003 CDBG funds from the District 1 - Community Advisory Committee Fund. The supplemental reprogrammed funds of \$78,000 would bring the aggregate project allocation to \$218,000.
- Carrfour Corp. Harding Village - Funds will be utilized for service delivery costs for acquisition and rehabilitation of 92 unit SRO located at 8540 Harding Avenue; 74 units dedicated to formerly homeless persons; 18 units dedicated to households below 60% AMI.

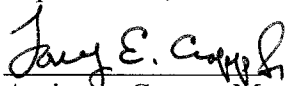

- Carrfour Corp. Villa Aurora - Funds will be utilized for service delivery costs for rehabilitation of single-family building located at 1389 SW 1<sup>st</sup> Street. The 46 unit SRO will contain transitional housing beds for families.
- Carrfour Corp. Sun South Place - Funds for this activity will support service delivery for rehabilitation of a multi-family building located at 530 Meridian Ave. This 55 unit SRO will provide 40 units reserved for formerly homeless adults along with 15 market rate units.
- JESCA – Funds for Model Cities Youth Streetworker Program will support crime prevention services to delinquent youth between the ages eight and eighteen to prevent their involvement in criminal behavior and reduce the rate of recidivism.
- Centro Campesino, Florida City Villages Phases II, III, & IV – Funding will be utilized for the development, construction and marketing costs for homebuyer closings on 33 units of 150 unit single-family development located at 901 SW 2 Street, Florida City.
- Urban League Superior Manor - Funds will be utilized to complete the construction/rehabilitation of an 87 unit rental initiative. This is an ongoing activity, which will be fully funded as a result of this activity.
- Richmond Heights CDC, Single Family Construction – Funding will be allocated for six single-family housing units for low-income persons in Richmond Heights.
- On December 17, 2002, pursuant to Resolution # 1482-02, the Board approved the FY 2003 Action Plan with the proviso that in an effort to directly meet the need of low and moderate-income communities, \$100,000 be allocated to each of the nine CACs to address high priority needs in their neighborhoods. The West Perrine CAC originally allocated the total funding amount to the Miami-Dade Office of Community and Economic Development / UD Division for the Perrine Senior Citizen Center Expansion. West Perrine CAC now requests that all the funding be allocated to the West Perrine CDC, for affordable single-family homeownership programs for Perrine residents. OCED supports this recommendation.
- On July 30, 2003, the Miami Dade Affordable Housing Advisory Board approved the switch of \$250,000 in HOME funds for \$250,000 in Surtax for Miami Beach CDC's Jefferson Apartments, a 27-unit rental housing development for the elderly. This action by the BCC will allow OCED to recapture these previously reallocated HOME funds to other eligible HOME activities.
- Neighbors and Neighbors Association, Inc. - Technical Assistance program will utilize funding for the creation of jobs by providing technical assistances to micro businesses in multiple Neighborhood Revitalization Strategy Areas.
- Riverside Homes initiative will allow for infrastructure funding of water and sewer for 24 town houses located at NW 85<sup>th</sup> St Rd and NW 5<sup>th</sup> Ave. This is a home ownership initiative.
- South Miami Street Improvement Phase II B - Poinciana Industrial Center Phase V Street Improvement project is nearing completion and \$70,000 is the projected surplus. These funds will be redirected to cover additional costs needed to complete the South Miami Street Improvements Phase II B.
- City of North Miami Beach, Highland Village Wastewater Improvement project funds will be reprogrammed to fund other eligible capital projects. This project will be funded at later date on the basis of the number of eligible recipients consistent with CDBG criteria. These funds will be utilized to fill an existing funding gap, which will immediately stimulate the development of \$9.1 million retail center on the 7<sup>th</sup> Avenue Corridor.
- Peninsula Edison Plaza LLC, Edison Plaza – Development of Edison Marketplace (retail strip center anchored by a super market) in Liberty City which will create a minimum of 23 jobs.
- Greater Miami Service Corp's previously recaptured funds will provide young adults with training work experience using the "work first" services strategy that promotes improved skills. In addition the Graffiti

Abatement program will provide graffiti control and eradication on private and public property throughout CDBG Focus Areas.

- Miami-Dade Empowerment Trust – Funds will be utilized for employment training for low-to-moderate income individuals eligible under CDBG criteria and guidelines. This is a new activity linked to the Empowerment Zone's Regional Strategic Plan.
- Miami-Dade Empowerment Trust – Funds will be utilized to support ongoing infill initiatives. The Empowerment Zone will work in conjunction with Palmetto Homes Inc. who has seven scattered site units in Pinewood granted by MDHA. OCED's investment will enable the applicant to commence this very important segment of Miami-Dade County's Infill initiative. This new activity will support the County's efforts to stimulate development on County-owned vacant residential sites.
- Miami-Dade Empowerment Trust will utilize its allocated \$25,000 to support CAA's capacity building efforts linked to its Citizen Advisory Committees. This initiative will supplement not duplicate on going activities.
- Allapattah Garden Apartments Ltd. - Funds will be utilized for project gap funding for the construction of 128 units of affordable multi-family rental housing adjacent to the Allapattah Metro-Rail Station, between NW 11<sup>th</sup> Place to NW 11<sup>th</sup> Court and NW 33<sup>rd</sup> - 36<sup>th</sup> Street. This activity is a continuation of County funded activity and will assist in its completion.
- De Hostos Senior Center - Funds will be used to assist activities provided through the Senior Services Center. In addition, as part of OCED's Neighborhood Revitalization Area Strategy for Public Services, \$17,500 of this allocation will be subcontracted to the Action Community Center to support the provision of transportation services for the elderly and/or handicapped for the period of October 1, 2003 thru December 31, 2003.

In sum, OCED recommends the reprogramming of \$3,937,975.01 of FY 1994 – FY 2003 CDBG funds, \$4,103,303.87 of FY 1994 – FY 2003 HOME and HOME CHDO funds, \$750,000 of HODAG funds and \$250,000 of SURTAX funds for community development activities to benefit low-to-moderate income areas and individuals throughout Miami-Dade County.

This proposed plan amendment was advertised on August 21, 2003 for a required public hearing to be held on September 9, 2003. The revised dates and amounts are now being re-advertised to advise the public.
